Additional information

Degree Overview

This degree programme is ideal for anyone interested in pursuing a career as a therapist, counsellor, clinical psychologist or working in the mental health sector. Alongside preparing you to pursue further training for a career in Psychology, this degree will also help you attain skills that prospective employers in a range of careers find attractive. Modules reflect the breadth of the discipline, from cognitive psychology and neuroscience to developmental psychology and social psychology. This accredited by the British Psychological Society degree, includes a project. If you pass this and graduate with at least second-class honours, you will be eligible for Graduate Basis for Chartered Membership of the BPS, which is a necessary first step for people hoping to undergo further training to become a Chartered Psychologist.

Study Reasons

- This course has 90% Overall Student Satisfaction in Psychology with Counselling (2020 National Student Survey)
- Psychology at Greenwich is one of the top three universities in London and seventh in the UK for graduate careers (2021 Guardian League Table).
- Many of our graduates pursue further training to become Clinical or Counselling Psychologist, as well as a range of other Practitioner disciplines.
