Course type: Bachelor's degree

Degree: B.S. Nutrition Science

Study mode: Full time

Duration: 36 Month

Cost of study

Cost : 63 710 USD

Reg. fee : N/A USD

Scholarship :

Insurance : N/A USD

Intake/s

Aug/Jan/May

Requirements

If you have completed academic work outside the U.S., you must provide official academic credentials as well as English translations of the documents. If only one document is available, we will accept notarized or certified copies of the original document. If translations are needed, it is your responsibility to have the credentials translated by a reputable translation and evaluation service. Syracuse University will not provide translations for you. A key to the marking system or grading scale should also be included if it is not indicated on the transcript.

- **First-year Students:** Attending and graduating from in-person secondary schools based in the United States for at least three full academic years (Grades 10-12).
- **Transfer Students:** Have completed at least 24 credits in person at a post-secondary institution in the United States. Students must have earned a cumulative GPA of 3.0 or higher, excluding ESL curriculum.

Speciality

International Year One in Available (47 200)

Please note that students completing the British curriculum are not eligible to apply upon completion of the IGCSE/GCSE; we require at least one additional year of education. Additionally, we do not accept the BTEC for admission at this time.

Progressing students into Syracuse University receive the following merit awards for each subsequent year of enrollment based on the cumulative GPA earned upon the completion of the 30 credit hours:

- A GPA between 3.25 and 3.49 is \$10,000 per year
- A GPA between 3.5 and 3.74 is \$15,000 per year
- A GPA greater than 3.75 is \$20,000 per year

Additional information

Degree Overview

Nutrition science examines the chemical and biological foundation of nutrient molecules, how our environment affects the production of these nutrients, and how our body responds to them. Our program gives you a springboard to careers in medicine and health care, wellness-related business, and nutrition research.

Study Reasons

Explore critical topics such as nutrition through the lifespan, nutrition research, and clinical nutrition therapy.

You will be immersed in nutrition research and applied learning experiences, where you'll see first-hand the impact you can have through nutrition science.

Engage in independent and faculty mentored research projects, and gain experience collecting and analyzing data.
