Additional information

Master Business Globally

In our Master's programme International Business Management you will be optimally prepared for a management position at international level. After successful completion, you will not only be qualified for a successful career in management, but will also have the necessary social skills in addition to professional and organisational qualifications. The degree programme enables you to combine it with a part-time job and already gain valuable professional experience.

Your studies at the University of Europe for Applied Sciences are complemented by a high degree of integrative and future-oriented learning opportunities, the application of scientific methods as well as case studies, business games, project and research internships with TOP business partners.

Your Future Career Perspectives

With the master's degree in International Business Management, you are perfectly prepared for various different leadership positions. Aligned with your individually chosen subjects of focus, you will be able to take on roles in middle to top management at national and internationally active

corporations.

You have specialist expertise in the bag and are able to combine academic methods with distinct social competence – an increasingly important requirement for a successful career path as a: Business consultant, International sales and marketing manager, Senior account manager, HR manager, staff developer, Senior controller, cash manager or, Manager corporate strategy

What's more, the Master of Science (MSc) enables you to gain a PhD and doctor title. This is necessary, for example, for teaching and researching at universities and other institutes.
