Accommodation

With a cost of living comparable to other major global cities, studying in Dubai is an excellent investment in your future. The average cost of living for an international student is 1 245 – 2 100 EURO per month including rent.

Speciality

The core modules of our MBAs will take place on campus while the specialised modules will be taught online.

Spotlight module: 'Project Management & Leadership'

This specialised module is key to delve into the world of project management. It is taught online, and you will learn about different ways to manage projects and lead teams, crucial for making big changes within companies.

For Dubai applicants

- 1st Year - 14 300 Euro

Additional information

Become a project manager

Within the framework of the MBA with specialised modules in project management, you will acquire sound knowledge of the basic instruments and methods of project planning and implement them in a practice-oriented manner. This includes the analysis and evaluation of existing project planning of organisations, as well as the development of strategic suggestions for improvements. In addition to the creation of hands-on project management concepts, during the **MBA project management** course, you will learn about planning strategies that are crucial for the success of projects. These include topics such as the project life cycle, financial planning and risk analysis.

What happens after your studies?

Your MBA project management programme at the University of Europe for Applied Sciences is a real career booster: it's not just in terms of job offers and positions that you can improve with a successful degree. According to Business Insider, you can also expect a considerable increase in your salary. The best conditions to start your professional future and take the next step in your career!
