Course Details

The LLM Corporate Governance GradCG programme is accredited by The Chartered Governance Institute (CGI, formerly known as the Institute for Chartered Secretaries and Administrators or ICSA) and is mapped to the new Chartered Governance Qualifying Programme syllabus. This means that there is a defined syllabus that you must complete in order to successfully graduate from the programme. Upon successful completion, and in addition to your LLM, you will be eligible for GradCG membership. Once you have gained enough relevant work experience, you will be able to apply to become a full chartered member of CGI.

The course will explore in detail the types of rules, policies and controls put in place to determine the behaviour of a corporation, and the intended outcome of those measures. It covers areas such as models of corporate governance, classification of systems and the impact of the global financial crisis. It will also cover the role of the company secretary, the board of directors, the relationship between the board and shareholders, disclosure and accountability.
