#### Requirements

- The admission process at EU Business School is clear and straightforward. Applicants must fulfil specific academic and English language requirements to be eligible for admittance into their chosen program.

- Prospective students are evaluated on the strength of their applications as a whole. Consideration is given to the student's qualities and abilities: leadership potential, academic achievements, performance on standardized tests, extracurricular activities and personal experiences. EU's Admissions Services department will assist all applicants throughout the entire application process.

- At EU we understand that choosing a bachelor program that fulfills your professional objectives while fitting your educational goals is a process that requires a lot of research and deliberation. EU's dedicated admissions team is available to help students with any queries or questions they might have. To find out more about EU Business School, we also encourage students to visit our campuses, meet current EU students and attend our classes and open day sessions.

- 1 certified copy of high school diploma and transcripts; or equivalent
- Proof of English level: TOEFL score 80 (internet-based), 213 (computer-based); IELTS 6.0; CAE B2 with a minimum score of 169; native English speaker or equivalent

#### Accommodation

- **Private apartment:** Starting at 650 Euros per month, plus bills (typically).
- **Shared student home:** Around 300 to 500 Euros, plus the shared cost of bills.

#### Additional information

## Overview

The BA (Hons) in Business with a pathway in information Systems is a three-year full-time program (180 ECTS). It has been designed to provide students with a solid grounding in business and with the skills, knowledge and competences in the use of systems and related technologies to control and manage organizational data. Students acquire competences in database management, at the core of all information systems and the problem-solving key to optimizing solutions provided to business. In addition, they gain technical knowledge, competences and problem-solving skills in information system technologies for analysis, design and implementation.

Upon completion of this EQF level 6/NFQ level 8 honors degree, students will be equipped with the necessary skills and knowledge to apply technological solutions to business problems within the modern business environment.

- **Study a state-recognized degree** from Ireland
- **Gain guest speaker insights** in class and at exclusive EU events
- **Develop innovative thinking** and a flexible mindset

- Studying a BA (Hons) in Business Management in Munich allows students to expand their business knowledge in the economic powerhouse of Germany. The vibrant Bavarian capital is home to numerous major multinational company headquarters including BMW and Allianz, as well as a flourishing startup scene. It is also actively pursuing initiatives to provide a greener, more sustainable living environment.

- Munich may be famous for its annual Oktoberfest festival, but it has so much more to offer students wishing to study business. The city energetically promotes and supports innovative startups and tech companies, making it an ideal place for future entrepreneurs to gain knowledge, get involved and to set up new and forward-thinking ventures. Munich also offers students a superb array of sports, outdoor adventures, socializing and entertainment opportunities, ensuring a well-rounded student experience.
