Apr

Requirements

Entry Requirements

No prior academic qualification or professional experience in supply chain management is required, but an interest in expanding your knowledge of supply chain management is desirable.

Proof of Finance Requirement:

You'll need to show you can cover €10,000 per year to cover living costs in Ireland, in addition to your course fees.

There are two easy ways to do this:

Bank statements

- 6-month account history
- Proof of savings or sponsorship

Education bond

- €10,000 payment option
- Approved by Department of Justice

Visa Information and Medical Insurance

- Depending on your nationality, you may be required to apply for a visa to study in Ireland.
- It is the enrolling student's responsibility to inform us when they have submitted their visa application. A visa reference number and date of submission is required.
- If your visa application is refused, a refund (minus a €250 administration fee and €130 medical insurance, if MI has been purchased through the college) will be returned to you. Please note that we reserve the right not to refund fees where false, fraudulent, or fake documents have been submitted as part of a visa application.
- If your visa application is successful, you must send confirmation to us directly with a copy of the stamp on your passport.
- Please allow sufficient time to process the visa application, as it can take anywhere from 4 to 16 weeks. you will also need to notify us when you hope to travel before the start of the course so that we can provide you with additional details, such as accommodation, timetables, registration, induction schedules, and possible part-time job opportunities available (if required).

Accommodation

Campus Facilities

Whether you need a desk, a quiet library room, or an IT lab, we have the spaces and equipment you need for deep focus and productivity.

IT Labs

We have four dedicated IT labs across our two campuses equipped with various specialist programmes designed for courses including Data Analytics and Graphic Design.

During induction, each student is provided with a login account for accessing the IBAT College Dublin Learning Portal. Once they log in, students can access numerous support services which have been customised specifically for them and their area of study including:

- Module selection and notes for all classes
- A forum section containing many threads, which range from discussions on areas of study, organising study groups, best reading lists and study material, selling second-hand books, and organising social and sporting events within the college.
- A student feedback service for each module that enables immediate feedback to the academic team

Using Google apps, the following communication and collaboration services are provided to all registered students:

- Gmail – Provides all students with 25 gigabytes of storage per account
- Google Talk – Lecturers and students can call or send instant messages to each other for free
- Google Calendar – Students can organise their schedules and share events, meetings and entire calendars
- Google Docs – Provides students with 25 gigabytes of storage for storing and sharing files 24/7 from any computer inside or outside the college

Speciality

One evening per week

- Wednesdays

Additional information

Course Overview

This logistics course is perfect for those who want to further their knowledge of procurement and supply chain management.

You will gain a comprehensive introduction to procurement, supply chain design, and supply chain management. Learn how to identify and select appropriate procurement and supply chain strategies and the importance of aligning procurement and business strategies effectively.

You will also learn how the SCM concept has profoundly influenced traditional purchasing management approaches and philosophies. Towards the end of your Diploma in Supply Chain Management, you will be examined on your knowledge of value chains, value chain analysis, and supply chain optimisation concepts.

Modules:

- The nature and scope of procurement and supply chain management
- Defining the concept of purchasing
- The concept of logistics, reverse logistics, supply chains, and supply chain vulnerability
- The value chain and its role in formulating business strategy
- The impact that SCM has had on traditional purchasing management approaches and philosophies
- Decision-making models
- Global trade and supply chain management
- The importance of global infrastructure to optimal SCM.

Assessment

To assess your knowledge, you will be given an assignment to design an ideal supply chain solution for an existing business and describe the benefits created by this new design.

What is a Professional Diploma?

An IBAT Professional Diploma is a focused, short-duration practical course that consolidates, upskills and/or reskills learners in a professional area. It is a stand-alone qualification that does not lead to an award on the National Framework of Qualifications (NFQ). solidates, upskills and/or reskills learners in a professional area. They are stand-alone qualifications that do not lead to an award on the National Framework of Qualifications (NFQ).
