About the BBA

This 3-year degree programme is designed to give you a broad knowledge of the functional aspects of a company: marketing, human resources, management and commerce. You will be encouraged to

actively participate in your learning through a combination of lectures, case studies, and small group projects. By the end of the course, you will have gained the necessary study skills and strategies to succeed in a challenging global business environment.

The curriculum is provided by lecturers drawn from the professional world with innovative teaching methods and is enriched by cultural activities and visits. Accompanying our students all along their curriculum is a priority. Our highly trained teams will build a course structure best suited for each participant and assure the students' access to the professional world. Job offers, internships, practical tutorials – we work closely with our partners so all our participants can benefit from the best that each profession can bring.

Target Group

Students interested in marketing, human resources, management or commerce wish to advance to eventual managerial positions.

Moreover, the course targets several legal aspects therefore, students should have an interest in obtaining the legal basics which govern commerce.
