

## University of Connecticut (Storrs)

### BSE Multidisciplinary Engineering

#### Study details

**Course type:** Bachelor's degree

**Degree:** BSE Multidisciplinary Engineering

**Study mode:** Full time

**Duration:** 48 Month

#### Cost of study

**Cost :** 39 678 USD

**Reg. fee :** 80 USD

**Scholarship :**

**Insurance :** N/A USD

#### Intake/s

Aug

#### Requirements

- English entry - TOEFL 79 (IELTS 6.5, Duolingo 100)
- GPA entry - 3.0 GPA or equivalent
- have completed secondary school (equivalent to U.S. grades 9-12)

#### Accommodation

Provided by partner agencies

#### Additional information

#### Degree Overview

Multidisciplinary Engineering (MDE) is an exciting major in the College of Engineering that draws from numerous fields to create a unique and broad-based foundation in engineering. Taking courses from multiple disciplines both inside and outside the College of Engineering, MDE students are uniquely positioned to tackle challenging projects that often exist at the intersection of different fields. MDE students can choose from one of our existing specializations - partner programs that allow students to "dive deep" in a particular area, or, working with an academic advisor, they can develop an individualized specialization that meets their own unique interests. Explore this site further to get a deeper look into Multidisciplinary Engineering as a major!
