Additional information

Degree Overview

This degree programme incorporates many contemporary arts disciplines, such as acting, dance, voice, physical theatre, music theatre, sound design and digital video. It celebrates and investigates the possibilities of live and digital arts in a range of performance contexts, from the traditional to the avant-garde.

This course focuses on making performance, you can tailor your studies across three themes – contemporary performance, digital performance or applied arts and education. Throughout your studies, you will be supported to develop as an innovative artist able to create, perform and manage yourself, and others, within the national and international performing arts industries.

Graduates of this degree are dynamic, creative practitioners who can take a piece of performance right through from creative brief to public performance – skills that are attractive to potential employers. As a graduate, you will be equipped with a high level of resilience and a range of skills and experience that will enable you to respond flexibly to the changing landscape of the sector.

Study Reasons

The university of DMU has a long-established reputation as a Centre for Excellence in Performance Arts, which reflects our commitment to innovative and excellent teaching and learning.

DMU is recognised as a Centre for Excellence in Performance Arts, with great facilities providing specialist studios and rehearsal spaces designed specifically for performance learning activities. Access digital video cameras, sound recording equipment and editing suites to enhance and perfect your craft.

During this course you will have the option to complete a paid placement year, an invaluable opportunity to put the skills developed during your degree into practice. This insight into the professional world will build on your knowledge in a real-world setting, preparing you to progress onto your chosen career.
