Speciality

Pathways Available: International Foundation Year

Sandwich course fees - charged during the placement year away from the University of Bradford for students on thick sandwich courses, or during the year in which the second placement falls for students on thin sandwich courses. Students charged at 10% of the equivalent full-time fee.

If a placement year is to be undertaken abroad and supported by University funding through the University's exchange programmes, fees will increase to 15% of standard fees to cover additional support, advice and administration costs.

As part of this course you will be required to purchase a lab coat worth £10.

Additional information

Degree Overview

Throughout the course, you'll build a strong understanding of formulation science, product and process development, manufacturing and quality assurance.

As a graduate, you will be able to:

- confidently address the complex problems of industry, cosmetic safety and efficacy
- demonstrate a comprehensive understanding of regulatory and quality guidelines
- apply scientific knowledge to solve complex formulation, production and packaging problems
- adopt a holistic approach to address the challenges of the cosmetic industry and sustainable manufacturing

Alongside pharmaceutical and cosmetic science practical capabilities, the programme offers opportunities to develop transferable workplace skills, including time management, adaptability, self-directed working, reflectiveness, appreciation of diversity, application of different approaches, and presentation skills.

Pharmaceutical and Cosmetic Science BSc (Hons) draws on our long-established relationship with BeeVital Propolis, which will give you the opportunity to collaborate with guest industry speakers and explore site visits.
