Additional information

Programme description

Studies in the field "Management (Individual Mode)" are conducted remotely. There are two specialisations to choose from: "Digital Marketing" or "Innovation and Entrepreneurship".

The important thing is that **the session schedule here is also binding, just like part-time students.**

This study is aimed at people who, for various reasons, cannot study full-time or part-time, live abroad, travel frequently or their life situation does not allow them to regularly and attend classes at the University. An organizational-only meeting will be required.

Career Perspectives

The educational process is carried out using distance learning methods and techniques, while credits/examinations and defense of the thesis are held at the University.

The methods of implementation of didactic activities take various forms - recorded online lectures to be watched at any time for the student, analysis of individual and group case studies showing specific issues of a problematic nature, independent and group project work solving important management problems, or, finally, in-depth asynchronous problem discussions on topics selected by the lecturer and by the students.

Programme benefits

Through the "Management (Individual Mode)" specialisation, the student not only gains flexibility in his studies without the need for constant conventions, but also access to a full-fledged academic experience and a student ID card. **He gains knowledge in entrepreneurship, human resource management, project management, marketing management or quality management.** All that enables you to develop your career in accordance with your own pace of life!

The educational process is conducted with the use of distance learning methods and techniques, while credits/examinations and defense of the thesis take place at the University.

Teaching methods take various forms:

- lectures recorded online for viewing at any time,
- individual and group case studies presenting specific problem issues,
- individual and group project work solving important management problems
- in-depth asynchronous problem discussions on topics selected by the lecturer and by the students.
