Additional information

Your program at a glance

Throughout your Master's in Management, you'll take the knowledge and skills you learn in class and continually test them—and yourself—through practical application.

You'll study three core modules, each with an integrated business challenge. You'll then take summer electives to broaden your knowledge or complete a specialization track aligned with your career goals.

Program building blocks

Gain the foundational business skills needed in any career with a practical, challenge-based approach that enables intensive skills development and continuous practical application.

Whether you have a clear career target or want to try different paths, your electives give you flexibility to increase your knowledge across a range of business subjects.

Study a subject specialization track to complement your core master's program and upskill for your future career.
