

# Arizona State University (Tempe campus)

## Spanish, BA

### Study details

**Course type:** Bachelor's degree

**Degree:** Spanish, BA LASPABA

**Study mode:** Full time

**Duration:** 48 Month

### Cost of study

**Cost :** 35 430 USD

**Reg. fee :** 85 USD

**Scholarship :**

**Insurance :** 2 765 USD

### Intake/s

Jan/May/Aug

### Requirements

#### Academic requirements

First-year students must:

- Have a 3.00 grade point average (GPA) (a "B" or better where "A"=4.00) from a secondary school. Some ASU programs may have higher admission or English proficiency requirements and may consider a minimum ACT or SAT score.
- Must have three years of high school coursework. (If you are currently in high school, ASU needs to see 9–11 grade coursework. If you have completed high school, ASU needs to see 10–12 grade coursework.)
- Must have and present a completed high school diploma or certificate.

#### Conditional admission

ASU may offer conditional undergraduate admission to international applicants to an on-campus program who meet the academic (aptitude) requirements but who are not proficient in English. This offer of conditional admission will give you time to improve your English proficiency before you start classes at ASU. Your conditional admission offer is good for up to three semesters, during which time you must meet one of these requirements to begin your ASU experience.

#### Competency requirements

International students who completed high school outside the U.S. are required to meet the following competency requirements:

- Math: four years (algebra I, geometry, algebra II and one course requiring algebra II as a prerequisite).

- Laboratory science: three years total (one year each from any of the following areas are accepted: biology, chemistry, earth science, integrated sciences and physics).

## **Provide evidence of English language proficiency (TOEFL 61)**

### **Accommodation**

Provided by partner agencies

### **Speciality**

### **Also available online**

### **Additional information**

### **Program description**

The BA program in Spanish allows students to gain reading, speaking and writing proficiency through either a Spanish linguistics track or the Spanish literature and culture track. The linguistics track provides an in-depth understanding of the Spanish language. In contrast, the literature and culture track addresses issues throughout the Spanish-speaking world as seen through the lenses of the Spanish language, culture and literature.

Throughout the year, through study abroad and exchange programs, ASU offers opportunities to study in Spanish-speaking countries.

The Bachelor of Arts is also available for online students as a combination of courses from both tracks. Students are encouraged to contact a school advisor to discuss the best option.

### **Concurrent program options**

Students pursuing concurrent degrees (also known as a “double major”) earn two distinct degrees and receive two diplomas. Working with their academic advisors, students can create their own concurrent degree combination. Some combinations are not possible due to high levels of overlap in curriculum.

### **Accelerated program options**

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with:

- Global Management, MGM
- Language Teaching, MA
- Spanish, MA

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated master's during the junior year of their bachelor's degree program.

### **Global opportunities**

Global experience

Spanish is one of the most spoken languages in the world. Culture teaches people about themselves and how to prepare for the challenges of life, and foreign cultures broaden that perspective to include other peoples whose lives may be both notably different from and remarkable similarly to their own.

Global Education programs provide immersion in the societies in which Spanish is spoken as well as a diverse array of individual and group experiences that effectively open those societies up to enriching personal experiences. Global Education programs enhance students' experience of the diversity of the world, and the knowledge of such diversity makes every person a better human being and citizen.

## **Career opportunities**

Knowledge of multiple languages and intercultural competencies enhance any occupation and offer graduates many career opportunities. Language-intensive professions include:

- foreign correspondent
- foreign media professional
- foreign service officer
- international banking and finance professional
- language, literature or culture teacher
- law and immigration professional
- multilingual administrative professional
- translator or interpreter
- travel professional
