## About the Masters of Business Administration (MBA)

The MASTERS OF BUSINESS ADMINISTRATION (MBA) program in Leadership Excellence is designed to provide leaders of today and tomorrow with the skills, knowledge, and mindset required to navigate the challenges of an ever increasing change-driven business landscape. This program prepares individuals to excel in significant roles within organisations and to make strategic decisions that drive success and the individual, team and enterprise level. It provides the students with a deep focus on leadership development, exploring various dimensions of leadership, and is designed to enable students to expand their business knowledge, develop their analytical and critical thinking skills and refine their communication abilities. It delivers a solid foundation in the principles of effective leadership, as well as the practical tools and techniques necessary to inspire and guide diverse teams towards success.

1. Recognise and adapt to complex and changing workplace environments
2. Apply management and leadership theory to support organizational direction
3. Demonstrate leadership and critical thinking skills
4. Develop and implement interpersonal skills and leadership strategies to effectively lead teams and organisations
5. Strategically align leadership actions with an organisation's core values and goals to impact and enhance the overall culture
6. Evaluate strategic objectives that enhance organizational effectiveness and operational performance
7. Apply established leadership values to translate strategic commercial decisions into sustainable trends
8. Manage complexity and change and develop innovative approaches to tackle the challenges facing teams and organisations
