Additional information

The difference is in the efficiency

All official ASCENCIA BUSINESS SCHOOL programs taught at EFSIS prepare students to be versatile professionals who can develop their careers in any department of a company, regardless of its nature or sector.

The knowledge acquired is applicable to any organization that interacts with global markets at any level. It also provides them with the knowledge necessary to create their own business, from idea to startup, including financing.

Some of the career opportunities depending on the specialization are:

Sales Management, Export Management, Product Management, General Management, Human Resources Management, Logistics and Distribution Management, Marketing Management, Entrepreneurship, Teaching, Independent Boards, Consulting and Advisory Services, Internationalization, Finance and Financial Analysts, Human Resources Managers, Communications Management, Accounting, Audit, Control and Intervention, Competitive Examinations for National and International Official Organizations, etc.

This degree allows you to acquire all the skills necessary to:

- Build your own national and international entrepreneurial action plan, implementing the company's global strategy.
- Develop actions to detect business opportunities.
- Independently carry out complex negotiation policies with a target audience of national and international professionals and institutions.
- Create a tracking system by specifically selecting the most relevant and efficient digital resources for each action.
- Enhance the interpersonal skills essential to achieving the best results in the business world.
