Additional information

Degree Overview

The business entrepreneurship and innovation extended degree starts with a foundation year to prepare you for degree-level study. After, you will explore and cover business processes, economics for business, and innovation in competitive environments to help you kick-start a business. Teaching staff will also encourage you to enter our business-planning competition. It's a great experience and can include a financial investment prize if you win. Graduates with credible business ideas are also supported to develop their business.

Study Reasons

- This degree programme will develop your entrepreneurial skills and understanding of corporate entrepreneurship.
- Business, management and marketing courses at Greenwich university are ranked in TOP 3 for course variety in London (University Guide 2021)
- Other career options include general management, corporate entrepreneurship, management consultancy and small-business management.
