Additional information

Degree Overview

BSc Business Management and Economics will give you in-depth knowledge of organisations and their environments, including their relationships to society. You will explore key theories and concepts in economics and their application in international business. You will gain a solid understanding of areas such as managing people, operations, logistics, marketing and business ethics. Additionally, you will learn how businesses can operate effectively in a multicultural environment. In readiness for

your future career, you will learn an overview of business organisations in a global context and explore key aspects of business management such as finance, marketing and data analysis. You will have the opportunity to practise these skills through problem-based activities and scenarios and will have the opportunity to study abroad. You will finish the course confident in your personal values, with the knowledge and experience to solve business problems ethically, and an excellent understanding of the wider economy.

Study Reasons

- The skills and knowledge you go away with will put you in a strong position for pursuing jobs in the UK's most important sectors and occupations, including financial services, management consultancy, risk analysis and economic think tanks.
- This programme is dual accredited to a CMI qualification. Upon successful completion of the programme, Roehampton on-campus students, will be eligible for a CMI L5 qualification in Management and Leadership (subject to passing the required mapped CMI modules and CMI moderation).
- Our careers team is available to support you from the start of your studies until after you graduate. They will help you build your CV, prepare for interviews, and meet and learn from successful graduates working at the top of their careers. You'll also have opportunities to work with our partners across London and beyond, and to attend a Roehampton jobs fair where you can find out about graduate opportunities and meet employers.
