Additional information

Degree Overview

This degree programme explores the analytical aspects of business. Focused on teaching you the practical skills and knowledge you need for a business career, this course also covers quantitative analysis and systems, and how the banking sector works. Modules on this course cover essential financial knowledge such as developing and managing businesses, sustainability and financial crises, while the opportunity to work with business professionals and/or local communities on live projects provides practical experience.

Study Reasons

- Accounting and Finance courses have 80% in student satisfaction (The Complete University Guide League Tables 2022)
