Degree Overview

Designed for those wishing to adopt a multidisciplinary approach to their studies and seeking exposure to the widest possible range of business disciplines, our Master's in Management is the first step for you to start an exciting career in business and management.

You do not need to have studied business/management at undergraduate level.

The aim is to produce fully rounded managers by combining a detailed treatment of subjects concerned with the management of organisations including:

- Business Economics
- Marketing Planning and Strategy
- Strategic Management
- Operations Management
- Human Resource Development
- Global Technology and Innovation Management

In addition, you will have the opportunity to tailor your learning to your own personal interests or planned career path. You can choose from a range of optional modules as part of our extensive postgraduate management portfolio.

Throughout this course, you will be exposed to real business practice and learn from real-life examples, and our excellent teaching and collaboration with industry will give you an edge with employers.
