There is also Economics (2nd cycle studies)

Economics degree at WSB Merito University is an **opportunity for students to broaden their knowledge of economics, finance and accounting**. You will get a deeper understanding of economic mechanisms at both the national and global level, which will allow you to make accurate analyses and work efficiently in the dynamic business world.

Second-cycle Economics programme lasts two years (4 semesters), and **you will get a master's degree** upon graduation.

Additional information

What are you going to learn

- Analyze and evaluate the impact of various economic activities on ecological and social systems.
- Manage natural resources to use them as efficiently as possible.
- Acquire knowledge of mechanisms and financing instruments supporting sustainable development.
- Effectively present concepts and actions related to sustainable development.
- Utilize acquired theoretical knowledge in practice, starting from ethical issues related to sustainable development and ending with making practical decisions based on the principles of sustainable development.

Throughout your studies, you have the opportunity to **learn about software and tools used in business**. Access to the Notoria Stock Exchange Database, KRS (Polish National Court Register) database and Symfonia software will make it possible for your to gain practical skills necessary to work in finance or market analysis.
