

Arizona State University (Tempe campus)

Italian, BA

Study details

Course type: Bachelor's degree

Degree: Italian, BA LAITABA

Study mode: Full time

Duration: 48 Month

Cost of study

Cost : 35 430 USD

Reg. fee : 85 USD

Scholarship :

Insurance : 2 765 USD

Intake/s

Jan/May/Aug

Requirements

Academic requirements

First-year students must:

- Have a 3.00 grade point average (GPA) (a "B" or better where "A"=4.00) from a secondary school. Some ASU programs may have higher admission or English proficiency requirements and may consider a minimum ACT or SAT score.
- Must have three years of high school coursework. (If you are currently in high school, ASU needs to see 9–11 grade coursework. If you have completed high school, ASU needs to see 10–12 grade coursework.)
- Must have and present a completed high school diploma or certificate.

Conditional admission

ASU may offer conditional undergraduate admission to international applicants to an on-campus program who meet the academic (aptitude) requirements but who are not proficient in English. This offer of conditional admission will give you time to improve your English proficiency before you start classes at ASU. Your conditional admission offer is good for up to three semesters, during which time you must meet one of these requirements to begin your ASU experience.

Competency requirements

International students who completed high school outside the U.S. are required to meet the following competency requirements:

- Math: four years (algebra I, geometry, algebra II and one course requiring algebra II as a prerequisite).

- Laboratory science: three years total (one year each from any of the following areas are accepted: biology, chemistry, earth science, integrated sciences and physics).

Provide evidence of English language proficiency (TOEFL 61)

Accommodation

Provided by partner agencies

Additional information

Program description

The BA program in Italian gives students the necessary skills to speak, write, read and comprehend Italian. Participants develop the ability to think critically, understand and appreciate the historical and contemporary cultures of the Italian peninsula and their relationship to other global traditions, and develop empathy as globally informed leaders.

Students complete several courses on topics such as:

- art
- culture
- film
- government
- history
- literature
- religion

Students have a choice of four different faculty-directed programs in Italy in which they can focus on developing their linguistic skills and learn more about Italy's contemporary responses to global challenges such as natural disasters and the industrialized food system.

Concurrent program options

Students pursuing concurrent degrees (also known as a “double major”) earn two distinct degrees and receive two diplomas. Working with their academic advisors, students can create their own concurrent degree combination. Some combinations are not possible due to high levels of overlap in curriculum.

Accelerated program options

This program allows students to obtain both a bachelor's and master's degree in as little as five years. It is offered as an accelerated bachelor's plus master's degree with:

- Global Management, MGM

Acceptance to the graduate program requires a separate application. Students typically receive approval to pursue the accelerated master's during the junior year of their bachelor's degree program.

Global opportunities

Global experience

Students can be immersed in the Italian culture and language through a Global Education program. Study abroad is vital when learning the Italian language and culture. Being immersed in Italy itself adds value to the degree, and the experience prepares students to take off in an exciting, multicultural career with valuable skills employers seek, like communication and problem-solving.

Students majoring or minoring in Italian have the opportunity to participate in a Global Education program in Italy while taking courses in a variety of areas.

Career opportunities

Knowledge of multiple languages and intercultural competencies enhance any occupation and offer graduates many career opportunities. Language-intensive careers include:

- foreign correspondent
- foreign media professional
- foreign service officer
- international banking and finance professional
- language, literature or culture teacher
- law and immigration professional
- multilingual administrative professional
- nongovernmental organization professional
- translator and interpreter
- travel professional
