Additional information

Why Study Sustainable Humanitarian Action with UCAM-DIHAD

- Multinational academic cadre with vast expertise in the humanitarian field.
- Renowned humanitarian and academic faculty members.
- Hybrid program, online and physical teaching methods.
- Comprehensive curriculum that focuses on sustainable humanitarian action and leadership skills.
- Access networking opportunities with leading NGOs and international humanitarian organizations through DIHAD Organisation.

The Sustainable Humanitarian Actions Masters from DIHAD Humanitarian College is an innovative program to empower, promote, and train future humanitarian entrepreneurs with sustainable mindsets while enhancing their skills and knowledge. The program focuses on key elements in sustainable humanitarian action and response that will empower students to implement, enhance, and design humanitarian projects and programs from a sustainable perspective, and to lead international organisations with a sustainable action mindset. The program is also designed to meet the latest innovation and technology in the humanitarian field which will enable students to boost their careers with NGOs, international humanitarian organizations, the private sector, and academic institutions. In addition, the program offers hybrid technology to enable students to study and attend classes remotely (online) and physically.

Career Opportunities

The Master's Degree in Sustainable Humanitarian Action offers a wide range of career opportunities. The program will qualify graduates to start or boost their existing careers within Non-Governmental Organisations, International Humanitarian Organizations, United Nations agencies, National Government Authorities, Red Cross/Red Crescent Movement, Humanitarian Foundations and Charities, Academic Institutions, or the Private Sector. This will ultimately give students the chance to become specialists in humanitarian sustainability and a wide range of career opportunities become available such as field project/program officers, managers and directors, consultants, and even corporate social responsibility (CSR) departments in private companies.
