Overview

Manual printing techniques such as silkscreen, risography and etching make up the curriculum along with digital applications and software, typography, editorial design and editorial illustration. Learn to transport your illustrations to three-dimensional spaces and make them interact with their environment. Help shape tomorrow's design solutions today.

Our programme encourages you to work with professional clients on real assignments. Find yourself visiting illustration and animation studios on a regular basis for a chance to experience firsthand what it's like to work in the creative industries.

Career opportunities

As an illustrator you can work for all kinds of media companies. Start your own business and offer professional services to cultural and scientific institutions, advertising agencies and publishing houses. In addition, your job profile can include editorial, advisory and coordinating activities.

Illustrate digital and interactive media, print, websites, 3D animations, cartoons and motion pictures, computer games. Create special effects and character designs.

You'll possess the know-how to craft elaborate narratives for literary works and design children's books, non-fiction and graphic novels for publishing houses.

Our internationally-accredited Bachelor of Arts (B.A.) degree serves as a professional foundation for immediate employment. In addition, the internationally acclaimed Bachelor of Arts degree entitles you to pursue numerous postgraduate and master's degree programmes in Germany and beyond.
