Course type: Bachelor's degree

Degree: AAS in Nursing

Study mode: Full time

Duration: 30 Month

Cost of study

Cost : 16 950 USD

Reg. fee : 150 USD

Scholarship :

Insurance : N/A USD

Intake/s

Sep/Jan

Requirements

Admissions Requirements

Applicants to the program are evaluated based on information in the application and accompanying materials. Of primary importance in determining an applicant's suitability for admission are the high school and/or college academic record and entrance exam (**TEAS, HESI A2, or NEX**) scores. Applicant's character, personality, and contribution to school and community life are also factors considered for admission.

Admission to the program is highly competitive and on a selective basis. Meeting the minimum requirements does not guarantee admission.

Minimum GPA

The minimum required college GPA is 2.75. For those without college coursework, a minimum required high school cumulative average of 85% is required. You will need to send all transcripts to Touro University from the issuing institution.

Test of Essential Academic Skills (TEAS) Policy

All students interested in the nursing program at Touro University must take an entrance exam. We recommend the TEAS examination. Students must achieve minimum composite score of 70% on the overall TEAS exam. Students must take the following four (4) sections of the TEAS exam:

1. English
2. Reading
3. Science (minimum score of 70%)
4. Math (minimum score of 70%)

Students must take this exam before progressing into the nursing sequence

Accommodation

If you are arriving for the first time to New York, we can help you to book affordable, short-term housing for your first 1 to 4 weeks in New York. We will then be happy to advise you on how to find affordable long-term housing once you are in New York. Please email us at info.gst@touro.edu or call +1.212.463.0400 x 55319 if you need to book a student single room for your arrival to New York.

Educational Housing Services (not affiliated with Touro) is a company that provides student housing in New York City.

Eleven80 (not affiliated with Touro) is a short 30 minute ride on a PATH train and is located in Newark, New Jersey.

Speciality

Entrance Exam

You will need to take **one of the following** entrance exams and receive the minimum required score:

- **Test of Essential Academic Skills (TEAS)** with a minimum score of 'Proficient' with a composite score of at least 70%. You must also achieve at least a 70% on the science and math components of the exam. The TEAS test must be taken either on campus at Touro University or at another physical testing location. TEAS tests taken online, even if virtual proctoring software was used, will not be accepted. TEAS examinations administered at Touro University are free of charge.
- **HESI A2** exam with a minimum score of 75% in each of the HESI A2 subject areas as well as a critical thinking score of at least 800
- **NLN Nursing Entrance Exam (NEX)** with a minimum composite score of 124

Fees:

- **Application Fee:** \$50
- **Technology Fee/Semester:** \$100
- **Late Registration Fee:** \$100
- **Returned Check Fee:** \$40
- **Life Experience Fee:** \$300
- **Administrative Fee/Semester:** \$75
- **Graduation Fee:** \$200
- **Lab Fee (per lab course):** \$100
- **Transcript Fee:** \$10
- **Late Payment Fee:** \$100 per month
- **The application fee for the Sonography or the Radiography programs is \$60.**

Tuition increases by roughly 3 to 4 percent each academic year. An international scholarship of 30

percent starts in the full semester after completing at least 24 credits (usually starting with semester 3).

Students who overload in either of their first 2 semesters will lose the full impact of the 30% scholarship.

Available in:

Manhattan, NY

Additional information

Program Overview & Accreditation

Is the nursing program accredited (ACEN, CCNE, or state board)?

The Associate in Applied Science (AAS) in Nursing program is fully accredited by the New York State Board of Regents and recognized by the U.S. Department of Education. Graduates of this program may sit for the NCLEX exam (National Council Licensure Examination) and qualify to become Registered Nurses (RN).

How long is the program, and can it be completed full-time or part-time?

This program is designed as a full-time, five-semester course of study. Depending on the track selected, students typically complete the program within 18 to 24 months.

What degrees or pathways are offered (ADN, BSN, RN-to-BSN, etc.)?

We offer an Associate in Applied Science in Nursing (AAS in Nursing), commonly known as an Associate Degree in Nursing (ADN).

Additionally, in collaboration with Touro's School of Health Sciences, we provide a joint pathway option that enables students to begin coursework toward their Bachelor of Science in Nursing (BSN) while completing the associate degree. This pathway allows students to expedite the completion of their BSN following graduation from the ADN program.
