Requirements

Postgraduate entry requirements

Please see our general postgraduate entry requirements for detail or use our online postgraduate prospectus to check the entry, requirements for the course you are interested in.

Some, but not all, postgraduate programmes require your undergraduate degree to have a related major. Some postgraduate

programmes may require work experience in a relevant field or at a certain level.

If you are unsure whether your qualification will be suitable, please email our International Recruitment team.

For entry to a Kent postgraduate degree programme (Master's), Georgian students typically need to have completed a Bakalavris Khariskhi (Bachelor degree) or Umaghlesi Ganatlebis Diplomi (Specialist Diploma) at an authorised institution. Exact requirements will depend on the postgraduate degree you are applying for and the institution you have studied at.

For programmes that require a 2:1 we usually ask for a final grade of at least 81%, B, 4.0/5.0 or 3.2/4.0

For programmes that require a 2:2 we usually ask for a final grade of at least 71%, C, 3.5/4.0 or 2.7/4.0

MBA

For details of our MBA programme, please see the MBA course page.

PhD

For entry to a Kent PhD programme, students from Georgia typically need to have completed a

Magistris Khariskhi (Masters degree) at an authorised institution with a final grade of at least 81%, B, 4/5 or 3.2/4.0. Students who have not completed a thesis as part of their degree will need to show evidence of previous research experience. If you would like to pursue a PhD at Kent, you should visit the relevant department website and our find a supervisor page to identify potential supervisors for your research and thesis. You are encouraged to then make direct contact with the appropriate academic to discuss your research proposal.

Speciality

Pathways Available: Pre-Master's

Additional information

Degree Overview

Contemporary Healthcare Management faces enormous challenges and requires leaders that provide effective management and oversight of healthcare organisations. Healthcare managers need sophisticated and refined leadership, strong communication skills and advanced organisational capabilities that are applicable to both private and public healthcare contexts.

Designed in collaboration with the Centre for Health Services Studies (CHSS), our CMI-accredited MSc Healthcare Management course is taught by international experts and enables you to get to grips with corporate strategy and leadership alongside the study of healthcare.

You'll learn about corporate strategy and performance measurement, finance and accounting, marketing management and leadership. You will also gain a detailed insight into healthcare topics such as global sustainability in healthcare and managing integrated healthcare systems. You will end your Master's with a detailed report with the support of a dedicated expert supervisor.
