The University of Europe for Applied Sciences has jointly developed an optimised schedule for you. The study and examination times are perfectly coordinated. From the 1st to the 4th semester you will learn the basics of business administration including marketing and other subjects (e.g. corporate management and controlling). At the same time, you will attend courses such as sports marketing, sponsorship and event production.

Of course, you will also be entrusted with the organisation of several events, which allows for a good combination of theory and practice. Our lecturers use a practical approach that includes case studies, business games and study trips.

Design your study programme individually from the 5th semester! You can choose courses from 7 different modules and thus tailor your study plan exactly to your plans for the future. These modules include courses such as human resource management in sports, ticketing & hospitality and planning of cultural and social events.
