Requirements

If you have completed academic work outside the U.S., you must provide official academic credentials as well as English translations of the documents. If only one document is available, we will accept notarized or certified copies of the original document. If translations are needed, it is your responsibility to have the credentials translated by a reputable translation and evaluation service. Syracuse University will not provide translations for you. A key to the marking system or grading scale should also be included if it is not indicated on the transcript.

- **First-year Students:** Attending and graduating from in-person secondary schools based in the United States for at least three full academic years (Grades 10-12).
- **Transfer Students:** Have completed at least 24 credits in person at a post-secondary institution in the United States. Students must have earned a cumulative GPA of 3.0 or higher, excluding ESL curriculum.

Please note that students completing the British curriculum are not eligible to apply upon completion of the IGCSE/GCSE; we require at least one additional year of education. Additionally, we do not accept the BTEC for admission at this time.

Progressing students into Syracuse University receive the following merit awards for each subsequent year of enrollment based on the cumulative GPA earned upon the completion of the 30 credit hours:

- A GPA between 3.25 and 3.49 is \$10,000 per year
- A GPA between 3.5 and 3.74 is \$15,000 per year
- A GPA greater than 3.75 is \$20,000 per year

Additional information

Degree Overview

This major in Linguistic studies explores areas such as how languages of the world are similar and different, how individuals and groups use language in society, how grammars and sound systems are structured and develop over time, how children learn language, how multiple languages co-exist in the mind and brain, how linguistics is used to solve criminal cases and how to teach languages. In addition to studying language, you'll take required coursework in linguistic, phonological and syntactic analysis. Then explore at least three of the following areas within the broader field of linguistics: psychology and biology of language, language and culture in society, logic and language, history and structure of language, and language pedagogy.

Study Reasons

Apply linguistics tools and develop employment skills by being a language ambassador, working with the community to document under-documented languages, teaching a language and engaging with the public in scientific outreach activities.
