Oct

Requirements

High School Diploma/Higher Secondary Certificate

In case if the original language in the documents is English or Polish, no translation needed. In case of all other languages, please, prepare sworn translation.

Often you can get a suitable transcript from your school. If this is not the case, you will need official translations along with verified copies of the original.

You need to submit sworn translations into Polish of all required documents. If you do not have a possibility to make Polish translations, we will accept the documents translated into English and you will have to submit Polish translations after arrival.

You must take the original entry qualification documents along with you when you finally go to the university.

English

UTA accepts the following English language certificate (B1 level equivalent) such as TOEFL, TOEIC, IELTS, FCE, ESOL, IESOL, SET, EBC, EOS, LCCI, CAE, CPE, BEC, CEIBT, CELS.

Additional information

Overview

The IT industry is currently the strongest developing area of the global economy and is not slowing down. Studying IT is not a temporary trend but a reality that is putting more and more demands on candidates.

Career opportunities

Employment perspectives

Progressive informatisation causes that the demand for qualified employees in this sector is not decreasing. At UTA, you will acquire knowledge and skills that will prepare you for a well-paid job in the profession.

An IT graduate is prepared to work in:

- IT companies programming applications for various sectors,
- companies applying IT tools in the field of applied arts (publishing houses, advertising agencies, graphic studios),
- and also to run its own IT services business.
