- Garden Area

Average cost per week London: 200 – 300 GBP

Speciality

There aren't any Pathways available

Additional information

Course Details

Two year Accelerated Professional Policing degree is designed to get you either into employment or to the next stage of your professional training as quickly as possible, without compromising on quality. It will provide you with a professional knowledge of the ethics, skills and attitudes that are critical to twenty-first century policing.

The course has been designed to meet the requirements of the College of Policing National Curriculum for the role of a Police Constable under the Police Constable Entry Routes (PCER) Framework. We are licensed by the College of Policing to offer the Pre-join Degree in Professional Policing – a qualification recognised by police services that is achieved prior to recruitment.

You will study a range of key topics in the area of crime, criminology, law, terrorism, associated psychology, sociology and criminal investigation. You will also learn through realistic scenarios and the use of a crime scene suite or pop-up facilities* - watch the video. Optional modules will provide an opportunity to look deeper into issues such as forensic and criminal psychology, zemiology (the study of social harms), cybercrime and youth crime.

The degree will provide you with all of the knowledge required prior to joining the police force and will also be of interest if you are looking to study at Master's level or work in the wider security and criminal justice sector. Also, as a graduate of the Professional Policing Degree you would be eligible to take part in the PC to Inspector Fast Track programme - you can find more information on the College of Policing website [here](#).

Please note the degree has a currency of 5 years following graduation for recruitment into policing and you must still apply to the police force and satisfy their eligibility criteria. Please contact the Police Service for more information.

Statistics from the 2023 National Student Survey show that 96% of Policing and Criminology students were positive about learning opportunities on their course and 91% were positive about the teaching on their course.
