Spatial and Interior Design

Study details

Course type: Bachelor's degree

Degree: BA (Hons) Spatial and Interior Design

Study mode: Full time

Duration: 36 Month

Cost of study

Cost : 23 500 EUR

Reg. fee : N/A EUR

Scholarship :

Insurance : N/A EUR

Intake/s

Sep

Requirements

GCE/GCSE

The minimum requirements are:

- five passes at GCSE grade C (or grade 4) or above, including English Language or Use of English (IGCSE English as a Second Language, grade B or grade 6), and at least two subjects at A level OR
- three passes at GCE A level and a pass at grade C (or grade 4) or above in GCSE English Language or Use of English.

Offers are normally based on achieving three A levels or equivalent at Level 3, although some University subject areas may specify differently. You must have a minimum of two A level equivalents at Level 3 in two subjects (ie two A levels or one vocational double award).

We base offers on a combination of GCSE/AS/VCE A level/A level/other qualifications or predicted grades, your personal statement and reference.

See our GCSE conversion table to understand how A* to C grades are matched with the numerical system.

Other qualifications

We are happy to consider other qualifications on a case-by-case basis, including the following qualifications, providing they demonstrate a satisfactory standard and include a pass in English at the equivalent of GCSE:

- Scottish (SQA) higher/advanced higher qualifications
- Irish Leaving Certificate
- European Baccalaureate Diploma
- Certificate in Education
- university degree
- Advanced International Certificate of Education
- Advanced Placement (AP) – a minimum of two full APs is required
- Overseas certificates (including some other European Union (EU) countries)
- Higher School Certificate of Matriculation of approved overseas and EU authorities
- American High School Diplomas if accompanied by two full AP passes
- School Certificates and Higher School Certificates awarded by a body approved by the University
- matriculation from an approved university, with a pass in English Language at GCSE/O level or an equivalent level in an approved English language test
- Kent's foundation programmes, provided you meet the subject requirements for the degree course you intend to study

Subjects accepted for the General Entry Requirement

- Kent generally accepts any A level syllabus approved by the AQA, OCR, WJEC and Edexcel and CIE awarding bodies, though we regard some subjects as more suitable than others.
- We do not accept the more vocational subjects if offered as one of only two A level passes.
- We count subjects with a significant overlap as one subject.
- We may accept two mathematical subjects at the same level provided that the course syllabuses were substantially different (for example, a combination of Pure and Applied Mathematics or of Mathematics and Further Mathematics). We will accept papers in Mathematics and Further Mathematics set on the SMP syllabus. A level 'Use of Mathematics' is not accepted by some degree subjects as meeting requirements for a specific grade in A level Mathematics.
- Some academic schools **may** take into consideration passes in Level 2 functional skills communication and numeracy where you cannot meet the matriculation requirements for English and Maths at GCSE level. However, you are advised to try to retake GCSE English and Mathematics as these will provide a better preparation for studying at university.

English Language Requirements

Level	CEFR	IELTS Equivalent
Good	B2	6.0 with a minimum of 5.5 in each component
Very Good	B2	6.5 with a minimum of 5.5 in each component
Excellent	C1	7.0 with a minimum of 7.0 in each component

Accommodation

- Fully furnished room
- Self-catered or meal plan options available
- Wi-Fi and utility bills included
- Free membership to Kent Sport
- 24/7 security and support
- UoK is partnered with UniKitOut for students essentials

Speciality

Pathways Available: International Foundation Year

Additional information

Degree Overview

Work in dedicated design studio spaces as you discover the diverse nature of the field, developing your own unique style and portfolio as well as creative and practical specialisms.

Study all aspects of Spatial and Interior Design, from digital modelling and hands on sketch and scale model to transforming existing urban spaces and designing temporary or ephemeral architecture for festivals, celebrations and promotions.

Get career ready: Produce live briefs for a range of clients in real-work situations and develop your capacity to showcase the World Economic Forum's 'Top 10 Job Skills of Tomorrow'. You can also work in industry, spend a year abroad or add a year in Computing, Journalism or a Language to your degree to increase employability.

Join our community: As part of the School of Architecture, you can attend guest lectures and research seminars with industry professionals or join the student-run Kent Architectural Students Association (KASA) and help organise social events, design competitions and the End of Year Show.

You will explore different cultural perspectives on design and understand how creative agencies operate globally. You will learn how to exploit the digital age, developing a responsive practice where you are proficient working in 2D, 3D and 4D – with moving images. By the end of your course, you will be fully prepared for a career in Spatial and Interior Design within the expanding multidisciplinary opportunities in the Creative Industries.
