Additional information

Discover the advantages of the online MAEd C&I – Interdisciplinary program

Craft a tailored program that meets your passions and career aspirations through Avila University's Master of Arts in Education in Curriculum & Instruction with a concentration in Interdisciplinary online program. Acquire expertise in classroom management and instructional design while harnessing the power of data-driven decision-making and adopting instructional methodologies essential for excelling in a broad range of roles. This will equip you to guide future generations to success.

In this online program, you will enhance your knowledge by examining curriculum development, instructional design, and educational theories. Customize your program through a selection of MAEd electives covering subjects such as deeper learning, trauma and mental health issues, technology in the classroom, and responsive teaching that can help you develop diverse insights and perspectives and enrich the learning experience for your students.

In this education online program, you will:

- Strengthen your professional teaching and learning practices through the study of current evidence-based instructional strategies, data-driven decision-making, and ever-evolving education technologies
- Create an inclusive and responsive learning environment, engaging all learners through advanced knowledge of effective instructional models and curriculum planning
- Analyze scholarly work by evaluating qualitative and quantitative research in educational settings
- Expand the knowledge and skills used in your daily practices as teacher-learner and teacher leader to address a diverse range of learning needs in lesson design, instruction, evaluation, and assessment
- Manage your own unique approach to students' learning needs through intentional practitioner study

Interdisciplinary career opportunities:

- Campus Instructional Coach
- Curriculum Developer
- Training and Development Coordinator
