Degree Overview

On this degree, you'll develop the key competencies required of financial managers. You will choose to develop your specialist knowledge through modules in Global Financial Markets and Analysing Financial Performance. Gaining detailed knowledge of management and finance, you'll become a confident, independent thinker, with the ability to analyse financial markets and predict financial performance. You'll explore corporate strategy, business ethics and business finance in depth, and

develop a deeper understanding of how financial institutions and monetary systems operate. Our academic staff have extensive experience of business and will support you to connect your learning to the realities of business, management and finance. Your Academic Guidance Tutor will also be there to guide your learning and career development, and you'll have access to our extensive employability events.

Study Reasons

- In preparation for your future career, you'll develop many skills employers value, including the ability to identify and solve business problems, and to communicate your ideas with impact.
- You will be equipped to work in corporate finance, banking, insurance and business consultancy, as well as specialist and generalist management roles. You could also progress to further study with us on our MSc Global Financial Management.
- Our careers team is available to support you from the start of your studies until after you graduate. They will help you build your CV, prepare for interviews, and meet and learn from successful graduates working at the top of their careers. You'll also have opportunities to work with our partners across London and beyond, and to attend a Roehampton jobs fair where you can find out about graduate opportunities and meet employers.
