Additional information

Degree Overview

Economics at Greenwich aims to provide you with the intellectual abilities and analytical tools to understand, analyse and act upon the most challenging issues of our time. We believe economics must help to build and provide more equitably share prosperity, create meaningful employment, and ensure the transition to a carbon-neutral future. We have responded to calls from students and industry alike to change the way we do economics: we are a national leader in applied real-world economics that learns from history and embraces diversity. Our BSc Economics degree gives you the option to specialise in finance after your first year, or you can continue in the standard degree programme. In your time with us you will gain the knowledge and skills essential for either graduate employment or post-graduate study. Our graduates have pursued successful careers in industry, finance, the civil service, NGOs, research and education.

Study Reasons

- Our Business School Employability team is committed to supporting your journey towards a rewarding graduate destination.
- Graduates may apply for entry-level jobs in banking, finance, insurance, stock markets, sales and marketing. Career options include management consultant, investment adviser, finance and investment analyst, tax consultant, investment banker, and employment agency consultant.
