

University of Greenwich

Chemistry

Study details

Course type: Bachelor's degree

Degree: BSc (Hons) Chemistry

Study mode: Full time

Duration: 36 Month

Cost of study

Cost : 16 895 GBP

Reg. fee : N/A GBP

Scholarship :

Insurance : N/A GBP

Intake/s

Jan/Sep

Requirements

Country specific academic qualifications:

- Achieving Certificate of Secondary General Education with a minimum grade of 8
- UKVI IELTS minimum 5.5 with no less than 5.5 in each skill

Accommodation

With a range of comfortable and modern rooms close to campus, the University of Greenwich provides high-quality accommodation perfectly suited to your needs.

- Free Internet and Wi-Fi across all locations
- 24/7 residential support
- All utility bills included
- Contents insurance is included

Speciality

If you do not meet the requirements for your chosen programme you can choose to study 1 or 2 terms of English language preparation beforehand.

IY0(Science)

Additional information

Degree Overview

As well-known chemistry is the essential science. It impacts everyday life from brewing the perfect cup of tea to sending shuttles into space. The chemistry degree at the University of Greenwich explores all branches of the discipline, including inorganic chemistry, organic chemistry, physical chemistry and analytical chemistry. Through this course you'll also develop transferable skills that appeal to employers from other sectors, such as business and public service. This course is accredited by the Royal Society of Chemistry, the UK's professional body for chemical scientists. First-year students get free membership, and graduates will be able to apply for associate membership. Through your studies you'll also have the chance to benefit from our connections with industry. Our lecturers have held prestigious roles at GSK and Pfizer, and we regularly welcome industry-based guest speakers. Chemistry graduates go on to a range of exciting careers, both inside and outside the lab. Their roles include Laboratory Managers, Technologists, Formulation Scientists, Technicians, Analysts, Project Managers and Scientific Officers, working for well-known organisations including E.On, Dyson, GSK, and the NHS. We are ranked first in London for student satisfaction (NSS 2020), making us the ideal option for your future as a professional scientist.

Study Reasons

- The University of Greenwich is ranked #1 university in Kent for Graduate Prospects (The Times and Sunday Times Good University Guide 2022)
- Ranked #1 in London for Student Satisfaction (National Student Survey 2020)
- Chemistry is a central science, and a qualification in this subject will offer a wide variety of career opportunities in research and development, teaching, the chemical and pharmaceutical industries (production development, analytical science, quality assurance and information science), forensic science, environmental pollution, and health and safety.
