Additional information

Degree Overview

If your ambition is to teach in a secondary school environment, you will be well-prepared with our five-year Bachelor of Education (Secondary) / Bachelor of Arts degree. It is a well-rounded undergraduate program that combines theory, the latest teaching technology, and plenty of hands-on classroom experience. Working from a rigorous and practical curriculum, you will acquire the academic skills to teach secondary school students.

In addition, you will be required to choose one major teaching area such as English, Humanities and Social Sciences, Mathematics, Science or Religious Education. You will complete eight courses in your chosen major area, plus four courses in your chosen area of specialisation.

The Bachelor of Arts component of this double degree will give you in-depth knowledge in your chosen teaching areas. In addition, you will study a Major in an area such as English Literature,

Social Justice, Politics and International Relations, History, Archaeology or Theatre Studies, which will give you specialist knowledge and skills to inspire and guide your young students and contribute to cultural and intellectual life. These are the skills needed in the creative industries of the 21st-century workplace.

The 32 weeks of supervised teaching (practicum) experience is integral to your degree. This is divided into two weeks of classroom immersion and teacher assistance in your first year; one term with a particular focus on your Learning Area Major in both your second and third years; one term with a special emphasis on your Learning Area Specialisation in your third year; and an internship in your final year which focuses on both your Learning Area Major and Specialisation, as well as Religious Education if you have chosen to complete your accreditation to teach Religious Education.

Our degree will provide the academic skills you need to support, engage, and extend secondary school children by integrating theory and practice.
