## Speciality

**There aren't any pathways available**

## Additional information

## Degree Overview

Nursing is essential to modern healthcare, and high-quality, compassionate, respectful care is the benchmark for any world-class healthcare system. Notre Dame recognises nursing as a dynamic, constantly evolving profession and has designed a well-balanced program that delivers a perfect combination of classroom learning and hands-on experience in various clinical settings.

At Notre Dame, you will be given not only the knowledge and skills necessary to work as a registered nurse, but you will also acquire the ability to think critically, which will help you tackle every challenge you confront. You will also learn to speak up, advocate for people in your care and adhere to the highest ethical standards. These are all highly prized attributes in the nursing profession.

Notre Dame nursing graduates are regarded as some of the best in Australia and are in demand. The university accepts only a limited number of students into this nursing program each year to ensure that you will be placed into an appropriate hospital or health care setting for your practical experience.

## Study Reasons

- Graduate job-ready with industry-specific skills and knowledge
- Benefit from a unique, personalised approach to education and pastoral care
- Lecturers are industry professionals and leaders in their field
