Oct

#### Requirements

Thanks to your comprehensive education in the B.Sc. Computer Science programme and the high demand for computer science specialist, you will have a wide range of career opportunities after graduation.

Choose from the following career paths:

- System Developer (Software Developer)
- Application Developer (Software Developer)
- Application Administrator
- Application Consultant
- IT Service Manager
- IT Project Manager
- IT Consultant

In addition, your Bachelor of Science degree will give you access to numerous postgraduate and Master's degree programmes throughout Germany and beyond.

#### Accommodation

Dormitory - 1 000 EUR per month

#### Additional information

Our B.Sc. Computer Science programme will teach you how to handle internet, cloud and mobile technologies. You learn how to implement, configure and modify application and multimedia systems

and know how to develop and successfully implement user-centred digital products and services.

You deepen your knowledge of the major principles, methods and techniques of the most important programming paradigms and the associated programming and markup languages and you are able to conceptualise, implement and evaluate software solutions for applications and systems.

Thanks to the skill- and project-based approach, you also get to know agile methods and strengthen your communication and team-working skills in projects and your internship.
