#### Additional information

#### Degree overview:

Gain a professional edge with a master's degree that allows you to take advantage of the plentiful job opportunities in information technology. Your MBA in Information Systems from Pace's Lubin School of Business will allow you to lead your organization through strategic decisions pertaining to complex information systems, telecommunications, database administration, Internet technologies, systems analysis and design, and how each facet supports the needs of a business.

You'll develop your technical abilities in computing and information technology on a Computing degree. Subjects include Artificial Intelligence, Cyber Security, Data Science and Analytics, Information Systems, and Software Engineering. As a Computing graduate, could go on to become:

- Computer Games Developer

- Software Engineer
- Network Engineer
- IT Security Technician
- IT Consultant
- Robotics Engineer
- Forensic Technician
- Data Scientist
