- Access to online resources, including 24/ 7 Library with over 400,000 e-books and 50,000 electronic journals.

## Additional information

### Overview

The MSc Business with International Management programme will build upon your current business knowledge and develop your professional & personal skills, which are essential for a wide variety of managerial-level roles.

This programme is open to students from both business and non-business academic backgrounds, and will cover aspects of international business, strategic management, innovation, leadership, business decision-making, and organisational analysis. These will develop your strategic awareness, leadership potential and understanding of the theory and practice of international business and management.

### Key facts

- Specialise in International Management in the second semester.
- Learn and use the experiential learning approach (taught on the International Business Simulation module) as a tool to develop your skills as a future manager, team shaper and strategic-level decision maker.
- Strategize and problem-solve in studio-based sessions where you will work dynamically with your business/ team to design innovative responses to business scenarios.
- Newcastle Business School is part of a select group of business schools worldwide, following accreditation by the Association to Advance Collegiate Schools of Business (AACSB) in business and accounting – the first in Europe to gain the double accreditation.

- Upon completion of your programme, you will be eligible for the QA Professional Pathways programmes to further develop your skills with one of the UK's largest providers of IT and project management training.
- This course is also available as an Advanced Practice option, where you'll gain all-important work experience and professional skills that will enhance your overall employability.

## What will I study?

On this programme you will develop your strategic awareness, leadership potential, and understanding of the theory and practice of international business and management. In the second semester, you will have the opportunity to specialise in international management by taking our specialist modules where you will consider issues of business ethics and accountability, the role played by corporate governance, and develop your knowledge of strategic marketing models. You will also benefit from the opportunity to apply your learning in international business within a realistic simulated environment.

## How will I be taught and assessed?

- Teaching is delivered through lectures, seminars, studios, tutorials, and workshops totalling around **12 hours per week**.
- You're expected to engage in independent study, around **30 hours per week**.
- **Assessment** is based on a mix of assignments, presentations, group work, reflective reports, and portfolios.
- Taught by **experienced lecturers and academics** who use their industry experience to demonstrate how theories translate into real-life situations.
- **Technology Enhanced Learning (TEL)** is embedded throughout the course with tools such as the 'Blackboard' eLearning Portal.
- Benefit from **weekly academic support sessions** designed to build your confidence and ability as a postgraduate learner.
- You will be assigned a **guidance tutor** at induction that you will have meetings with at regular intervals across your period of study.
