

## Birkbeck University of London

### Analytical Chemistry

#### Study details

**Course type:** Postgraduate

**Degree:** MSc

**Study mode:** Full time

**Duration:** 36 Month

#### Cost of study

**Cost :** 17 620 EUR

**Reg. fee :** EUR

**Scholarship :** The scholarship will be applied as a discount to the tuition fee for the first year of your full-time master's course, to bring it in line with the Home tuition fee amount. As part of our commitment to enhancing the global reach of Birkbeck, we are announcing our Global Future Scholarship to support access to postgraduate master's study from all EU member countries, and Brazil. We recognise the importance and value in having a diverse student population from across the world and we're pleased to present this additional option of financial support.

#### Intake/s

Jan, Apr, Oct

#### Requirements

If English is not your first language or you have not previously studied in English, our usual requirement is the equivalent of an International English Language Testing System (IELTS Academic Test) score of 6.5, with not less than 6.0 in each of the sub-tests. We also accept other English language tests.

#### Accommodation

Provided by partner agencies

#### Speciality

We are your career partner during your time at Birkbeck and beyond. At every stage of your career journey we empower you to take ownership of your future, helping you to make the connection between your experience, education and future ambitions.

#### Additional information

We offer flexible learning that combines in-person and online teaching with the highest quality online learning resources, along with a range of assessment approaches - many exams can be taken online at home and completed in a set timeframe.

In general, our students only need to be on campus one or two evenings a week:

Our undergraduates learn at regular on-campus in-person classes which are supported by interactive online teaching and learning resources.

Our postgraduate students can choose how they want to study with the majority being able to choose between attending either on-campus in-person or interactive online classes.
