## Additional information

## Programme description

Do you dream of a career in the world of finance? Do you want to understand the rules governing banking and the financial market in Poland and internationally? Are you looking for practical tools to help you succeed? The specialization "Banking and Financial Services" is the perfect choice for you!

Through our specialisation you will gain solid theoretical knowledge and practical skills necessary to work in various financial sectors. You will prepare for a career in banking, global corporations, insurance, leasing, factoring companies and many others. You will also gain the opportunity to start your own business. The study program includes:

- **Commercial banking:** you will gain knowledge of banking products and services, the principles of bank operations and the latest trends in banking.
- **Financial Market Law and Supervision:** you will learn about the legal regulations and principles of supervision of the financial sector both in Poland and internationally.
- **Capital market - stock market and investment funds:** you will discover the mechanisms of the stock market and investment funds, and learn how to invest in the capital market.
- **Business insurance:** you will learn to assess business risks and select appropriate insurance solutions for companies, as well as learn the specifics of different types of insurance.
- **Risk and Compliance:** you will learn about risk management and regulatory compliance in the financial sector.
- **Effective teaching methods** - instead of lecturing you on theory, we will take you to the world of business simulation, through which you will learn how to make accurate financial decisions using real-life examples.
