Speciality

The **MBA Financial Risk Management programme** at UE is delivered on campus, only the specialised modules are taught online.

Spotlight Module: "Enterprise Risk Management"

The business environment can be said to be in constant flux, business threats may be encountered at an ever-increasing frequency which means that new risks develop ceaselessly. This module provides students with an understanding of business risk factors, the ability to recognise risk and the skills to manage the threats posed by business risks and turn them to the advantage for the organisations by managing risk and using it to create value for organisations through innovative management ideas that allow organisations to cope with the fast-changing business environment.

Additional information

Mitigate risk, maximise returns: Your financial future starts here

Participating in the MBA with specialised modules in Financial Risk Management at UE will allow you to gain deep insights into the dynamics of organisations and their risk appetite. While organisations need to take risks to grow, it is crucial that these risks are managed in a calculable way.

A key aspect of the **MBA Financial Risk Management** programme is the ability to turn risks and threats into opportunities for business growth. By gaining specialised knowledge, you will learn how to analyse and identify risk situations that have the potential to create positive change and development opportunities for businesses. Through practical exercises and case studies during the master's degree in financial risk management, you will learn how to design and implement risk management plans that meet the specific needs of different businesses.

What happens after your studies?

After your studies, you will not only be an expert in business issues, but above all you will have the best qualifications and thus be decisive for the success of projects in various industries and organisations.

- **Career Opportunities:** Risk Manager, Financial Risk Analyst, Asset Liability Manager
- **Skills:** Ethical Decision-Making, Critical Thinking and Problem-Solving & more
