Intake/s

Jan, March, April

Requirements

129 – 136 UCAS tariff points, ABB – AAB at A levels, DDM – DDD at BTEC, or a Merit in your T-Level. English Language or Literature and Maths Grade 4/C in GCSE (or equivalent) are normally required.

Accommodation

£174 per week

Speciality

We offer a range of short-term and year-long placement options – so you can gain workplace experience, network with potential employers and obtain academic credit towards your degree.

Recent students have interned with the NHS, the RSPB and Gloucestershire Wildlife Trust. Others have gained teaching experience in schools to support their teacher training applications, and some have joined us in our research in bacteria and stomach ulcers, immunogenetics, and automatic bat detectors in ecological consultancy.

With this knowledge and experience, you'll graduate career-ready and can go on to work as a biologist, ecologist, wildlife journalist, laboratory technician, conservation biologist, microbiologist, biotechnologist, researcher/teacher or environmental consultant.

Additional information

Also provided (4 year) full-time program with placement year - £16,600; Part-time with no fixed duration - £16,601
