Additional information

Explore the online MAEd C&I – Deeper Learning

Enhance your teaching skills and positively impact the educational success of your students with the online Master of Arts in Education in Curriculum & Instruction with a concentration in Deeper Learning program from Avila University. Discover how to design and deliver instruction that fosters deeper understanding, critical thinking, collaboration, and problem-solving skills among students, moving beyond surface-level understanding and rote memorization.

Develop specialized knowledge and experiment with technological tools that support student engagement, instruction, and assessment while promoting equity and inclusivity in the classroom. Discover strategies for tailoring instruction to accommodate various learning styles, abilities, and backgrounds, and align your teaching practices with evolving educational standards that focus on deeper learning.

In this education online program, you will:

- Acquire the knowledge and skills required to address the diverse range of learner needs in lesson design, instruction, evaluation, and assessment in the day-to-day practice as both teacher-learner and teacher leader
- Establish a unique professional approach to a systematic, intentional study through practitioner inquiry relevant to one's own teaching practice and students' learning needs
- Boost your ability to critically analyze scholarly work in education by evaluating and analyzing quantitative and qualitative research employed in educational settings
- Demonstrate advanced knowledge of effective instructional models and curriculum planning with an emphasis on creating an inclusive and cohesive learning environment that engages all learners
- Develop effective professional practices in teaching and learning through evidence-based instructional strategies, data-based decision-making, and the rapidly evolving technologies used in education today
