Additional information

About the major

General social sciences is a multidisciplinary, undergraduate program that prepares students for success in an interconnected global environment. GSS majors learn how analyze social issues using research and critical thinking. They also develop innovative problem-solving skills, which are applicable towards professional fields like business, government, law, and education. The GSS curriculum provides flexibility in both class schedules and coursework. This allows students to tailor their educations according to their interests, and to balance multiple academic or personal pursuits in their lives.
