Additional information

Degree Overview

This degree course will introduce you to the principles and practice of successful human resource management (HRM). The degree focuses on modules such as HRM in the Workplace will focus on analysing the application of HRM practices within contemporary organisations. Managing Equality and Diversity will explore and debate the concept of equality in the workplace against a backdrop of growing diversity within the labour force.

This course will help you concur in this competitive time for businesses, and as organisations continue to grow and develop, getting the best out of a workforce is integral to success. Those with an understanding of how people can shape and influence an organisation are in a great position to help businesses succeed.

You will have the chance to study core modules, such as Global Business Issues, People Management, Critical HRM and Employment Relations, and choose from a range of optional modules, including, Organisational Management and Business Ethics, to tailor your learning to your interests.

Study Reasons

This course is approved by the Chartered Institute of Personnel and Development (CIPD), giving you the opportunity to pursue a degree pathway leading to Associate membership of the CIPD.

Graduates have gone on to successful careers in globally renowned organisations, including Telegraph Media Group, Jaguar Land Rover, PwC and Mondelez.

A degree in Human Resource Management is an excellent starting point for a career in human resource services, training and development, industrial relations or other areas of management and professional administration
