#### Speciality

Pathways Available: International Foundation Year

**Sandwich course fees** - charged during the placement year away from the University of Bradford for students on thick sandwich courses, or during the year in which the second placement falls for students on thin sandwich courses. Students charged at 10% of the equivalent full-time fee.

If a placement year is to be undertaken abroad and supported by University funding through the University's exchange programmes, fees will increase to 15% of standard fees to cover additional support, advice and administration costs.

#### As part of this course you will be required to purchase a lab coat worth £10.

#### Additional information

## **Degree Overview**

If so, this is the perfect time to choose this programme. There is increasing recognition of the public health challenges that we now face, including the unprecedented global coronavirus pandemic. This

degree has been designed to meet these challenges.

You will be taught by a dynamic team of academics from diverse professional backgrounds including nursing, social work, psychology, epidemiology, health promotion, sociology and social sciences. The team are actively involved in current public health research.

This programme has been developed in partnership with City of Bradford Metropolitan District Council.
