Pre-master's (Business and Management)

Additional information

Degree Overview

This degree is designed for graduates wishing to start, or further develop, careers in marketing. It explores the principles, theoretical concepts and practice of marketing within the context of business and management and will focus on developing academic and applied skills in Marketing including advertising, brand management and loyalty, customer service, public relations and market research. An important objective is to provide relevant analytical training in the latest strategic, managerial and industrial developments in Marketing in both the public and private sectors. We look at marketing at local, national and global levels developing skills in strategic analysis, problem-solving and decision making.

Study Reasons
