#### Accommodation

We have a spacious apartment for our students right in the centre of city Montreux. Situated in the same building where the Business school is, our students can rely on comfortable and quick path to their studies. And don't forget about picturesque view from the 6th floor balcony on lake Léman. Education has never been so easy and enjoyable!

SSHE has established a partnership with a trusted accommodation agency through a network of real

estate companies here in Montreux who provide spacious private bedrooms and studio apartments. All of their listings are fully furnished and abundantly equipped; boasting spaces adorned with contemporary finishes in décor and style that are regularly serviced by a professional cleaning and upkeep team. They cater to the specific demographic of students and/or young professionals, thus cultivating a living space and environment of likened inhabitants. Their property is within 5 minutes walking distance to the city center, and a total of 1.4 km's from the business school – having immediate access to all forms of local transport and lakeside walk ways.

Accommodation Fees: 3200-18000

## **Additional information**

### Degree Overview

The Master program in International Relations suits those students who want to pursue their careers with international focus. The program gives students a handful of various tactics in such areas as international management, business development/entrepreneurship, diplomacy and foreign policy analysis. After finishing the program, students will be able to join international organizations, become a part of diplomatic services or work in private sector.

The program introduces students to basic theories, methods and concepts of international law and an overview of business administration. The class provides a deep understanding of the core concepts of international relations, practice of diplomacy, international law, international trade & economics and intellectual property law. In so the program familiarizes students with international business law, international marketing, governance of international organizations, organization development and entrepreneurship.

This program is designed mainly for the students interested in international business, with an international relation and diplomacy basis. Throughout the program, students will acquire knowledge in areas such as Core concepts of international relations, International law, Economics, International trade with a handful of tactics in business development, International management, Intellectual property, International business law and Entrepreneurship.

### Key benefits and skills after completion

After the completion of this program, students will be able to apply international, managerial and financial theories to develop leadership skills to implement in different sectors. Graduates will be able to start their career in international organizations, Diplomatic missions, Public sector and other foundations.
